Continuation of Substance of Interview including description of the general nature of what was discussed: On 1/19, I inquired into the sources of the first and second streams, and the representative agreed the claim could be clearer and he said he would change the claim. On 3/28, I inquired into the different portions of the data units and the representative further explained what was meant by attribute portion. On 9/27, I raised a concern about the antecedent basis of unicast address. The representative said he would email me a correction. On 10/3, the representative agreed to amend the specification as enclosed to clarify that the content was being sent to two or more terminals as he intended by the claim language.
